

Prnjavor city: businesses against climate change

Prnjavor: small but powerfull community

**Culturally the most diverse city in Bosnia and Herzegovina
which hosts 13 different nations from all around Europe**

**Population 33000+ inhabitants (and growing)
Positively disproportionally large number of companies (920+)
Exporting mostly to EU countries**

**EU Mission 1 goals vise → leading city:
early signee of the Covenant of Mayors for Climate and
Energy in Bosnia and Herzegovina**

„Topinox“ steel factory: 396 kW

„Standard“ (IKEA contractor):
16 000m² of factory, soon to be fully self-
sustainable on solar energy

„Mladegspak“ food factory:
300 000 EUR investment, ongoing

Strong focus on SOLAR solutions

„Novakovići“ solar farm: 250 kW
